## INVITATION

for the

### *International Seminar on Biomaterials and Regenerative Medicine* **BIOREMED 2017 - Today's research for tomorrow medicine** *5-8 October 2017, Timisoara, Romania*

Dear Colleagues,

It is our great pleasure to invite you at the conference **International Seminar on Biomaterials and Regenerative Medicine (BioReMed 2017)**, in Timisoara, Romania, on **5-8 October 2017**.

The conference will be organized by the Victor Babeș University of Medicine and Pharmacy, Timișoara, Faculty of Dentistry, in partnership with the Romanian Society of Biomaterials.

The purpose of this event is to discuss and suggest improvements in the medicine of today and tomorrow. Considering that interdisciplinary cooperation is the pathway to evolution, we would like to bring together scientists from the field of biomaterials and tissue engineering with clinicians from different areas of expertise that includes dentistry, orthopedics, neurosurgery, ophthalmology, cardiovascular surgery, general and aesthetic surgery, as well as pharmaceutical science. All clinicians are invited to present their results on the clinical performance of current medical devices and join in the debates on the translation of biomaterials and tissue engineering research into clinical practice.

Representative keynotes and invited speakers from all over the world will present the latest trends in biomaterials, tissue engineering, medical devices and regenerative medicine at this interdisciplinary conference. At the same time, a Technical Exhibition of interest for the participants will run in parallel with the scientific sessions.

Hoping that you will honor us with your presence and scientific contribution.

We are waiting to welcome you at Timisoara, Romania!

**Prof. Univ. Dr. Meda-Lavinia Negruțiu**  
Dean of the Faculty of Dentistry  
Victor Babeș University of Medicine  
And Pharmacy Timișoara

**Prof. Univ. Dr. Ing. Habil Iulian Antoniac**  
Vice President of the  
Romanian Society for Biomaterials

**International Seminar on Biomaterials and Regenerative Medicine - BIOREMED 2017**  
**5-8 October 2017, Timisoara, Romania**
