FOR BIOMATERIALS

young.scientistsforum

YSF forum @ ESB

Bucharest, BiomMedD'2008

15-11-2008

Peter Dubruel, Marian Miculescu,

Etienne Schacht, Izabela Stancu

YSF aim: To encourage, foster, promote/develop research and to exchange information concerning the science of biomaterials among young scientists

Previous YSF editions: Speed Networking Event
lectures (funding opportunities, ...)

YSF website: http://www.esbiomaterials.eu/main/content_wide.php?section=13
aim, activities, official structure, PPT presentations of previous YSF events, contact details, ...

History of the YSF@ESB

- **1999:** 1st YSF, Arcachon, France
- **2001:** YSF, London, UK
- **2002:** 2nd YSF, Barcelona, Spain
- **2003:** 3rd YSF, Stuttgart, Germany
- **2004:** YSF, Sydney, Australia (World Congress)
- **2005:** 4th YSF, Sorrento, Italy
- **2006:** 5th YSF, Nantes, France
- **2007:** 6th YSF, Brighton, UK → FIRST ELECTIONS
- **2008:** YSF, Amsterdam, The Netherlands (World Congress)
- **2009:** 7th YSF, Lausanne, Switzerland

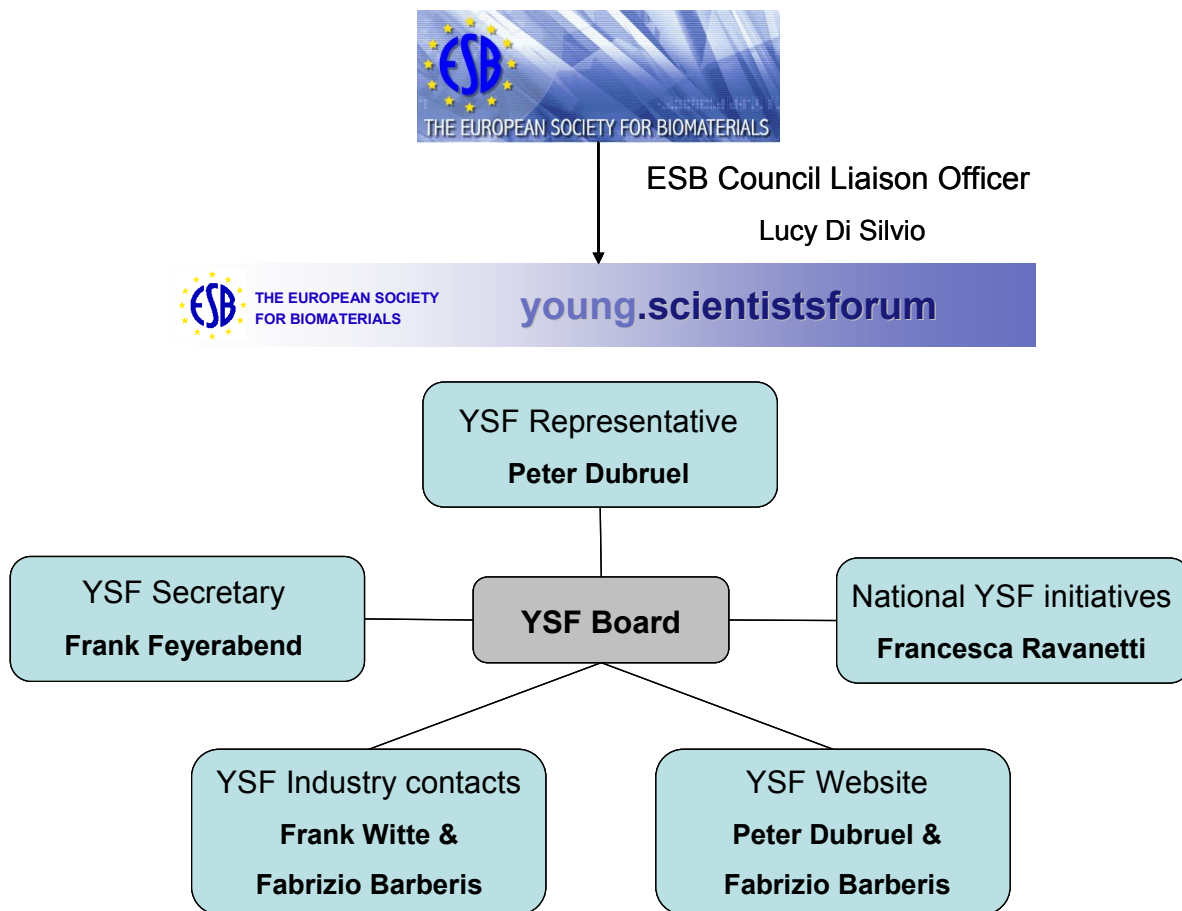

Dr. Pedro Granja

SECOND ELECTIONS

YSF Structure

Bylaws:

- (1) age limit for YSF Board members as for the ESB Jean Leray award
- (2) Same applies for people eligible to vote
- (3) Voting procedure as for the ESB Board
- (4) Four year board member duration
- (5) Re-election is possible once

YSF website

- **Address:** http://www.esbiomaterials.eu/main/content_wide.php?section=13
- **Content:** aim, activities, official structure, PPT presentations of previous YSF events, contact details, ...
- **Guided tour:**

Speed Networking Event

Aim:

A direct link among young scientists and between young scientists and industry

Speed Networking Event

YSF @ WBC 2008

THE EUROPEAN SOCIETY
FOR BIOMATERIALS

young.scientistsforum

THE EUROPEAN SOCIETY
FOR BIOMATERIALS

young.scientistsforum

young.scientistsforum @ ESB

Aim: Discussing biomaterials education and training in Europe. Emphasising existing and emerging career and research opportunities.

Realisation: Creation of "European Biomaterials and Tissue Engineering "Doctoral Award" (EBTEDA) (ESB Council and Pedro Granja)

SP
EED
NET
WORKING

YSF events on annual ESB meetings including a Job Fair, a speed Networking Event and lectures

ESB-Meeting Brighton 6th Young Scientist Forum 11.09.2007

The 6th YSF-Forum took place during the ESB-meeting in Brighton. After a short welcome and introduction to the Young Scientist Forum a round table discussion about the clinical practice of biomaterials was started. This was followed by the presentation of the voting of the board at large for 2007-2009 (see below). Thereafter a "not-so-scientific" presentation was given by Frank Feyerabend about "How to set up a cell culture lab". The session was closed with a speed networking event with 8 industrial participants. Due to the closing of the building the networking continued on the Acta Biomaterialia reception. All in all, it was a nice session. The full program of the Forum including the given presentations can be found on:

http://www.esbiomaterials.eu/main/content_wide.php?section=13

Impression of the round table discussion at the 6th Young Scientist Forum in Brighton.

Outlook: 7th Young Scientist Forum World Biomaterial Congress Amsterdam

The program for the next Young Scientist Forum is already set up. It combines some successful parts from the previous forums (advisory presentation, Speed Networking Event with reception) with some new elements (guided tour by local Young Scientists for Young Scientists).

The organizers of this forum are:

Brasil:

Helena Marques da Silva, Gloria Soares

Canada:

Milica Radisic, Ziyad Haidar

Europe:

Kehinde Adesanya, Luigi Denardo, Peter Dubrueel, Frank Feyerabend, Frank Witte, Lertrit Sarinnaphakorn, Jan Schrooten

India:

Nair Kaladhar, Sajeesh Chem

Japan:

Yasuhiko Iwasaki, Junji Watanabe, Toshiki Miyazaki

We hope that this event will be as successful as the previous forums with participation of people from all over the world.

Web-service

Some Examples:

www.innocentive.com seekers & solvers for a problem

www.ninesigma.com Solution Providers

www.idealab.com from an Idea to a Company

The screenshot shows a web service homepage with a light blue background. On the left side, there is a navigation menu with buttons for 'Home', 'Mission', 'Aims', 'News', 'About us', 'Contact us', and 'Backend'. Above the menu, there are input fields for 'Username:' and 'Password:', followed by a 'Login' button. At the top left, there is a dashed box containing the text 'Image LOGO Catching Sentence'. The main content area features the heading 'What do you want to find?' with two images: one of laboratory glassware (a flask with blue liquid, a test tube with green liquid, and a beaker with blue liquid) and another of two silhouetted figures walking. Below the images, a dashed box contains the text 'Would you like to have your Company or Research Group on this directory?' and 'Get registered - Click [HERE](#)'. At the bottom right, the word 'Homepage' is written in a large, bold font. The footer contains the text 'dbugit.com® - All rights reserved'.
